- **Report lost or stolen cards immediately.** During business hours call 1-318-603-0626 and after hours and weekends call 1-800-472-3272 or 1-800-262-2024.
- **Memorize your PIN (Personal Identification Number).** If you write down your PIN, an unauthorized person can find it.
- **Safeguard your devices.** Be extra careful to protect your information when you have your card information stored in a mobile wallet. Use strong passwords and biometric features such as fingerprint or face recognition to secure your mobile device.
- **Phone and online transactions.** When conducting phone or online transactions, you should be the one to initiate the contact. Verify the company or website is reputable. You can use customer satisfaction ratings and the Better Business Bureau, www.bbb.org, to check if they are reputable. Also, check that websites are secure websites.
- **Review your statement and use Home Banking.** Review your monthly statement as soon as you receive it and contact PFFCU immediately if there are any unauthorized transactions. Home Banking is also helpful to track account activity.

Dormant accounts are subject to a monthly fee (refer to the Professional Fire Fighters Credit Union Fee Schedule) after the account is categorized dormant. IT'S TAX TIME!

Follow these helpful tips to avoid delays in receiving your tax refund into your PFFCU account:

1. The name and account number must match EXACTLY in order for the deposit to be credited to your account.
2. The person receiving the tax refund must be on the account.

IRS SCAMS

It's that time of year. With tax refund season just around the corner, scammers are getting ready to try and take your tax refund.

Scammers can mask their phone number and make it look like it really is the IRS. The IRS does not call people they need to get in touch with, they will send a letter.

Scammers use fake names and badge numbers and will get irate and threaten to have you arrested. The IRS does not do this.

Scammers want immediate payment using a debit or credit card, gift card or wire. The IRS does not ask for immediate payment and certainly not with any of the described payment methods.

Scammers don't always demand money, sometimes they say you are getting a refund to get your personal information. Do NOT be fooled! The IRS will not call you about your refund.

You cannot win a drawing or lottery if you did not enter, especially in a foreign country. A legitimate lottery will not request upfront money to pay taxes or fees. The taxes are paid out of the winnings.
